In re Application of :
Mark Lykam :
Application No. 10/796,490 : **ON PETITION**
Filed: March 4, 2004 :
Attorney Docket No. N/A :

This is a decision on the communication filed by facsimile transmission on September 18, 2006, which is being treated as a renewed petition under 37 CFR 1.137(b), to revive the above-identified application.

The petition now satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of an amendment/drawings; (2) the petition fee of \$750; and (3) an adequate statement of unintentional delay. Therefore, the petition is **GRANTED**.

Petitioner is advised that the granting of this petition under 37 CFR 1.137 is not a determination that any reply under 37 CFR 1.111 is complete. After revival of the application, the patent examiner may determine that the reply is lacking in some respect. In this limited situation, the patent examiner will send out a letter giving a 1-month shortened statutory period under 37 CFR 1.135(c) for correction of the error or omission. Extensions of time under 37 CFR 1.136(a) are permitted. If petitioner fails to correct the omission within the time period set in the letter (including any extension), the above application will again become abandoned. *See MPEP 711.03(c).*

This application file is being referred to Technology Center Art Unit 3724, for review of the amendment/drawings filed with the instant petition.

Telephone inquiries concerning this decision should be directed to the undersigned at (571) 272-3226.
